Steps

1. List the files in the /var/log/suricata folder: **ls -l /var/log/suricata**
2. Run suricata using the custom.rules and sample.pcap files: **sudo suricata -r sample.pcap -S custom.rules -k none**
3. List the files in the /var/log/suricata folder again: **ls -l /var/log/suricata**
4. Use the cat command to display the fast.log file generated by Suricata: **cat /var/log/suricata/fast.log**
